BANK OF ENGLAND'S POSITION

Had No Negotiation With Monetary Commission.

MEETING OF THE DIRECTORS.

Can Hold One-Fifth of Reserve in Silver Under Act of 1844-- The Conditions.

By Cable to THE TELEGRAM.

LONDON, Sept. 16.—At the meeting of the directors of the Bank of England today Hugh Smith, the governor of the institution, said among other things that the proposals by which England might increase the use of silver and those which would enable France and the United States to resume the free coinage were one and the same. They would enable the bank to hold in reserve the silver permissible under the act of 1884 as against notes. The government, he said, had consulted him in the matter and he wrote Michael Hicks Beach, the Chancellor of the Exchequer, on the subject. Referring to the conversation with Smith he said: "I beg to say that the Bank of England is prepared to carry out what is laid down in the Bank's charter, namely, to hold one-fifth of the bullion held against the notes issued in silver; provided always that the French mint is opened to the free coinage of silver and that the prices at which silver is procurable and saleable are satisfactory." Replying to a question the governor said that the bank had not had any negotiations with the United States Monetary Commission and added: "We have bought no silver; all we have done is to agree under certain circumstances to carry out what is permissable under the act of 1844."

NEGRO POSTMASTER MURDERED.

Found Dying in his Room—Shot in a Dozen Places.

By Wire to THE TELEGRAM.

HAGARSVILLE, Ga., Sept. 16.—The first callers today at the house of I. Loftin, a colored politician, found him lying on the floor, shot in a dozen places and barely alive. He was unable to say who did the shooting. There is evidence to show, however, that the affair attracted attention at the time.

Loftin was appointed postmaster by McKinley, though all the inhabitants objected. The feeling toward him was very bitter.

A secret meeting was held and resolutions passed to kill Loftin and his successor, if the President names another negro.

TELESCOPED THE BAGGAGE CAR.

Passenger and Freight Collide on The Rutland Railway.

By Wire to THE TELEGRAM.

ESSEX JUNCTION, VT., Sept. 16.—A New York train over the Rutland Railway due here at five o'clock, collided with the local train on the Burlington division this morning. Engineer Chase suffered several broken ribs and internal injuries. George Howe was severely injured, and the head baggage car was telescoped.

The Situation at New Orleans.

By Wire To THE TELEGRAM.

NEW ORLEANS, Sept. 16.—The situation changed hourly this forenoon.

There are two new cases and two suspicious cases today, making 18 cases and 1 death to date; trains leaving the city are subject to rigid inspection. A medical inspector accompanies each train that leaves the border of Louisiana, Mississippi and Alabama. An assistant surgeon has been ordered to Mobile to inspect all trains made up there in a similar way.

Tribesmen Attack Rawathoss.

By Cable to THE TELEGRAM.

SIMLA, Sept. 16.—The Mohammedans attacked the camp at Rawathoss on the night of the fourteenth. The Garrison fought stubbornly for six hours; the fighting was fierce and two British officers were killed.

Priests Must Not Ride the Bike.

By Wire to THE TELEGRAM.

MONTREAL, Sept. 16.—The Roman Catholic Archbishop of Montreal has forbidden priests to ride the bicycle on the ground that it is undignified.

Strike Finally Ended.

By Wire to the THE TELEGRAM.

PITTSBURG, Sept. 16.—The great coal miners strike is off at last. Two thousand diggers resumed work today at the sixty-five cent rate.

McCullogh Becomes Chief.

By Wire to THE TELEGRAM.

NEW YORK, Sept. 16,—McCullogh sworn in as chief police yesterday afternoon.

DEATH OF MRS. HODGIN.

Mr. Lee's Meetings—Another Negro Shot at Winston.

Special to THE TELEGRAM.

WINSTON, Sept. 16.—Mrs. S. H. Hodgin died at her home in this city last night about 8 o'clock. She had been very ill for some weeks with neuralgia of the heart, and her death was not unexpected, yet the entire city is sorely grieved on account of it. She leaves a husband and three children, Mrs. John W. Hanes, George Hodgin and Miss Mary Hodgin, besides many relatives in this city to mourn her sad departure.

Evangelist Lee is shaking the city, and is handling vice and wickendess with rough tongs. His big tent is full at each service and he is preaching with great power.

Last night he rode the city council and police officers with rough spurs, and hundreds of voices in the audience shouted back "Amen."

Another nagro was shot here Monday night, but the shooting only came to light yesterday. The negro who did the shooting is in jail. The wounded man will recover.

KING OF DENMARK INJURED.

Stumped and Fell Down a Spiral Staircase..

By Cable to THE TELEGRAM.

COPENHAGEN, Denmark, Sept. 16.—King Christian suffered a serious accident while ascending the spiral staircase, leading to the beacon, at the grounds of the fortress at Arresund. He stumped and fell down the staircase, seriously injuring his chin and mouth.

The pain was intense and the king was obliged to return to Berustaff, on the Isle of Euland, where the physicians are attending him.

Used Rolling Pins.

By Wire to THE TELEGRAM.

HAZLETON, Pennsylvania, Sept. 16.—Two hundred and fifty angry women made more trouble this morning than a thousand men by attacking the washeries with rolling pins, poles and other weapons available. They forced the men who offered little resistance, to quit work. In the other regions quiet prevailed. The strike is general and not a colliery of importance is working.

They Smile at Governor Kountz.

By Wire To THE TELEGRAM.

VERSAILLES, IND., Sept. 16.—The personal representative of Governor Koutz, has arrived to prosecute the leaders of the lynching party, who murdered the five men here. The people of the town smile and say nothing will ever be done, and are throwing every obstacle in the way of the law.

A RUNAWAY MARRIAGE.

This Time It Was the Children Who Objected.

A runaway marriage on account of objections by the old people is a usual thing, but for the old folks to run away from the children is something out of the ordinary. A marriage of this kind was solemnized here yesterday afternoon.

The contracting parties were John H. Hudgins, of Pittsylvania county, Va., and Mrs. Amelia M. Stanley, of Durham county. They both have been married before and have children who seriously objected to the union, but this obstacle was surmounted by these two fond hearts.

The couple arrived in the city yesterday afternoon and repaired to Mrs. Worthington's boarding house, on South Elm street, where they were made one. After the marriage license had been procured 'Squire Eckel went down and performed the ceremony in his usual dignified and impressive manner. Mr. and Mrs. Hudgins left last night for their home in Virginia. The groom is 43 years old, while the bride has seen thirty-six summers.

How it Stands Abroad.

C. M. Carson, the agent of the Southern Stock Mutual Insurance Company at Charlotte, is an up-to-date advertiser. He first gives a long list of over two hundred names that have participated in the dividends and then adds the following:

Increase over business for 1896, one hundred per cent.

The greatest public benefit in North Carolina, backed by sound business men who do not want all the profits.

Does not belong to the South Eastern Tariff Association, but stands alone for the interest of the people.

If you do not belong to my Insurance Family, join now, and get your dividends for 1897, for we are still paying 20 per cent. back.

Very truly,
C. M. CARSON, Agt.

Assets of the company January 1st, 1895, $100.000.

Assets July 1st, 1897, $130,000.

Increase in two and half years, $30,000.

SILK MILLS MAY REMAIN.

Manager Bamford Gone North on Business

CONNECTED WITH THE FACTORY.

The Removal to be Reconsidered and the Silk Business May Yet Flourish in the "City of Flowers."

The removal of the silk mills, notice of which was published exclusively in yesterday's TELEGRAM, has been postponed.

Mr. Bamford received a telegram from the company calling him north for a further consultation in reference to the matter and no further steps will be taken toward removing the mills for the present.

The Industrial and Immigration Association sent Mr. J. F. Jordan north to see the representatives of the railroad and express companies with a view to securing better transportation rates, and pending a possible advantageous arrangement, the removal has been postponed.

It is possible after all, that if a satisfactory agreement can be reached, the mill will remain, for a time, at least, until the advantages of the field can be more thoroughly ascertained in other respects.

It is to be hoped that the matter may be agreeably adjusted, and that the company may see their way clear to continuing the plant in Greensboro.

Escaped from the Calaboose.

Will Thomas, a Greensboro negro, and another negro tramp, beat their way in last night on one of the trains. They were arrested at the depot and placed in the lock-up to await their trial before the mayor this afternoon. But they had no idea of remaining in prison, so they began to look around for a way of escape. There is a flue in one of the walls of the calaboose in which there is no grate. Over this flue was tacked a piece of sheet iron. The prisoners ripped off the sheet iron and crawled through into the jail corridor, and when the guard stepped off for a few minutes they made their escape. The guard captured Thomas but the other negro succeeded in getting away.

The Yellow Fever Scare.

While it is not at all probable that yellow fever will spread so far up country as this, yet there has been some talk of the probable necessity of establishing quarantine in Greensboro. This place being located on one of the main trunk lines, and there being a great deal of travel through here on that accout, the necessity for such a step may arise.

The Southern's ticket agent here has received instructions to sell no tickets to points west of Columbus, Miss., and to send all Texas business by Birmingham, Ala., instead of through New Orleans. He is instructed to advise passengers to procure the proper health certificates.

Pittsburg Strikers Go to Work.

PITTSBURG, PA., Sept. 15.—The coal miner's strike as far as the Pittsburg district is concerned, is off and the 22,000 diggers will resume work tomorrow at the 65 cent rate. The decision to ignore the ten day clause, which was a condition of the Columbus settlement, was reached late this afternoon. There were only four dissenting voices, when the resolution to go to work at once was voted on.

Office Seekers After Him.

WASHINGTON, Sept. 15.—The White House was thronged with official visitors today, and the President was kept busy from an early hour with the steady stream of callers. The first was Judge Day, assistant secretary of state, who came at 8:15 o'clock. He and the President were together for some time, presumably in relation to Cuban affairs and General Lee's visit, although no information as to the nature of the call was obtainable.

Refugees Pouring Into Atlanta.

ATLANTA, Sept. 15.—Yellow fever refugees poured into the city today. During the day three special cars of refugees came in from New Orleans and other infected points.

One car was filled with the troops from Jackson Barracks, in New Orleans. This stopped here but a few minutes, and then passed on through to Chicamauga National Park, where they will camp. There were about 200 of the men.

Relief That is Appreciated.

The dust around the depot has been almost unbearable for some days. This morning the street sprinkler was carried down and the space around the depot sprinkled thoroughly. The change is greatly appreciated by the traveling public and those who frequent the depot.

POINTS FROM HIGH POINT.

Personal and Local Affairs Briefly Mentioned.

TELEGRAM BUREAU,
HIGH POINT, N. C., Sept. 16, '97.

The series of meetings, which have been in progress for the past 12 days, conducted by Evangelist W. P. Fife, will conclude with tonight's service. These meetings have been the result of much good.

Prof. J. M. Weatherly, formerly principal of the institute here, returned from Uvalde, Texas, this week, where he has been elected superintendent of the graded schools.

A telegram was received here yesterday from J. H. Millis stating that he arrived at Little Rock, Ark., safely and felt much improved.

The Misses Johnson, of Washington city, who have been spending some months in the city, returned home yesterday.

The new law firm of Stedman & Ragan will have offices over Beeson Hardware Co.'s store.

Miss Estelle Tomlinson, of Archdale, passed through the city yesterday en route to Asheville, where she will enter the female college.

All preparations for the celebration tomorrow are about complete in every particular, including a big shower of rain.

Did Not Recognize Silver.

NEW YORK, Sept. 15.—The Democratic State committee refused today to accede to the demands of the free silverites that the principles of the Chicago platform be reaffirmed. The committee met by authorization of the Democratic State convention of last year to nominate a candidate for chief justice of the Court of Appeals.

$1,000,000 in Gold from Klondyke.

SAN FRANCISCO, Sept. 15.—The long overdue steamer Excelsior, which left St. Michaels, Alaska, for this port six weeks ago, but was compelled to put back to Unalaska for repairs, after having broken two blades of her propeller, arrived here this morning with 63 passengers and about $1,000,000 in gold.

AND so greater New York will, for the sake of variety, probably have a German-American instead of an Irish American candidate for mayor. The history of most of our larger cities shows that Americans of all kinds, except the Simon pure variety, have had a somewhat unduly large share of municipal offices; the same history will also show that this has not been very conducive to limpid purity in city government. It may be a proof of cosmopolitanism for New York to choose a mayor from over seas, but the rest of the country would appreciate a few tokens that the metropolis has not ceased to be American altogether.

IT appears that Senator Chandler's appeal to this country to welcome England's move toward silver was somewhat premature. Those who know the lay of her financial interests, and who have followed even casually, her moves upon the little chessboard of nations, put little faith in the reports that she was about to take steps to hehabilitate silver. There are few reasons why she should follow any such course, and many why she should not. When England changes in even a small degree, her present attitude it will be to follow, the head of others, not to take the initiative

A NEW YORK court has been called upon to decide whether angels have wings. The case arose through the failure of an artist to put those little means of aerial navigation on an angel in a memorial window and the consequent refusal to pay for the work, on she ground that it was inartistic. If the court in its ruling will kindly state why the wings are always so ludicrously inadequate in size, it will be a great relief to many puzzled folks, and a few lines in explanation of why the angels are all blondes, will be entertaining reading for brunettes generally.

IT is at least strange that the nordes of blood-thirsty miners who so menaced the lives of Sheriff Martin and his deputies should be so peaceable now that there is added provocation and their numbers have been swelled by the thousands, who have joined them. Yet no violence has been attempted, no lawlessness is reported, and no overt necessity is reported for keeping the troops on the scene.

ACCORDING to our Republican contemporaries, the lamp of Aladdin was a mere useless toy in bringing things to pass, compared with the Dingley tariff, and a shower of philosopher's stones and swarms of geese of the golden egg variety would be pestiferous superfluities while that beneficient measure remains in force. We shall see what we shall see, by and by.

IN THE case of the foreigners killed at Lattimer indemnity can not be demanded by foreign governments because they were, apparently, at least, acting contrary to law when the killing occurred. It is only in cases where death results from mob violence that indemnity may be demanded under international law.

THE fact that pensions for the quarter ending September the thirty-first will be forty millions of dollars is possibly proof of the beneficent intention of the authorities to put plenty of money in circulation to move the crops this fall.

HAVING swapped visits to the limit among themselves, Europe's rulers have imported the King of Siam that the neighborly courtesy may continue. The King of Ashantee should not be forgotten by his royal contemporaries.

SINCE Brewer Pabst's son, of Milwaukee, has married Brewer Lemp's daughter, of St. Louis, the latter city may not unreasonably expect a thin coating of lustre from the "beer that made Milwaukee famous."

THE fact that Mr. Platt and Mr. Low hastened to New York contemporaneously would seem to indicate that something is expected to transpire in that village in the near future.

Lynchers Must Be Punished.

INDIANAPOLIS; IND., Sept. 15.—Governor Kountz has sent the following to the sheriff of Ripley county: "Wire me at once the particulars of lynching that has occurred in your county. I further direct that you proceed immediately with all the power you can command to bring to justice all parties guilty of participating in the murder of five men alleged to have been lynched. Such lawlessness is intolerable and all the power of the State, if necessary, will be vigorously employed for the arrest and punishment of all participators.

[Signed] "JAMES A. KOUNTZ.
Governor."

School Fund Apportionment.

The apportionment from the general school fund of the state has been made and Superintendent of Public Instruction Mebane will send a warrant to every county treasurer in the state next week. The total amount apportioned is $56,849.13, and is divided at the rate of .09 per capita of school population. Wake county receives the largest amount, $1,595.16; Buncombe comes next with $1,310.14; Mecklenburg third with $1,204.56, while Dare receives the smallest sum, $134.00.

Out of Season Fish Yarn.

The Charlotte Observer puts the credulity of its readers to the test as follows:

"When the late Capt. F. A. McNinch had charge of the rock quarry, a number of small cat fish were placed in the water in the quarry. One of the old city hands thought of the incident yesterday, and with his rod and line went to the quarry to try his luck. He caught 38 fish. The largest was 18 inches long. There were two other large ones, but the majority were from three to four inches in length. He also caught a "cooter" which would about fill a half bushel measure. It was great sport, but he couldn't stay there long on account of the mosquitoes. They drove him away.

Yesterday Judge Purnell granted the motion made by Hon. Iredell Meares, of Wilmington, and allowed the New Jersey land and lumber company to amend their answer. This is the case of the state board of education against the above land and lumber company to recover certain swamp lands in the counties of Brunswick and Columbus.

Treasurer Worth received a letter yesterday from Craven county stating that some of the grants of oyster lands which parties hold in that section were made to persons after they were dead. He says a deed was made to one man who has been dead thirty years. It will be remembered that suit is now pending to compel the State Auditor and State Treasurer to pay the claims which certain counties have against the state for suits which they brought to recover these lands.—News and Observer.

Yesterday afternoon, when the train came in on the Seaboard Air Line, Mrs. Annie Bond, widow of the late Mr. Fred. I. Bond, of Lumberton, arrived in the city accompanied by her mother, Mrs. Leggett. Around the depot there was the usual jam of baggagemen, hackmen and others, and in the midst of the pulling and excitement, Mrs. Bond lost $125 in money, or else had it snatched from her hand by some thief. It was wrapped in a handkerchief and consisted of twelve $10 bills and one $5 bill, and when Mrs. Bond got off the train she recalled having the handkerchief in her hand.—Wilmington Messenger.

The Situation in Reidsville.

A last night's special to News and Observer says:

The trial of the parties who caused the excitement Monday occurred this afternoon. The negro, Allen, was sent to the grand jury for using a knife. Lamberth and Keatts were fined $5 and the negro Smith the same.

I am authorized to state that the condition of Mrs. Lamberth is improved today, though she suffered several nervous convulsions.

A special to a Charlotte newspaper intimating that there were no grounds for citizen's apprehensions of trouble was positively untrue. Members of both military companies remained in their armories during Monday night and two or three hundred negroes and a brass band were assembled on the street making ugly threats. The forebearance of Caucausians was all that prevented a bloody scene. No trouble is looked for now, however.

The True Remedy.

W. M. Repine, editor Tiskilwa, Ill., "Chief," says: "We won't keep house without Dr. King's New Discovery for Consumption, coughs and colds. Experimented with many others, but never got the true remedy until we used Dr. King's New Discovery. No other remedy can take its place in our home as in it we have a certain and sure cure for coughs, colds, whooping cough, etc." It is idle to experiment with other remedies, even if they are urged on you as just as good as Dr. King's New Discovery. They are not as good, because this remedy has a record of cures and besides is guaranteed. It never fails to satisfy. Trial bottles free at C. E. Holton's drug store.

North Carolina Ahead.

Mr. A. E. Martin the popular and alert representative of the Burlington Route, is in the city on business connected with his line. In the course of his duties he travels all over the South, and is thoroughly acquainted with what is going on here. He told THE TELEGRAM representative that North Carolina is developing more rapidly than any other Southern State, with the possibly exception of Tennessee. In the establishment of new cotton mills, and in the growth of those already established, she leads all Southern States.

Important Meeting.

Greensboro Council, No. 13, Jr. O. U. A. M., will hold an important meeting in their council room to-night at 8 o'clock. There are several candidates to be inetiated into the mysteries of the order, and a full attendance of the members is desired.

Arrangements have been made to have members of the council attend the educational rally at High Point tomorrow, and all who desire to go are requested to be at the council room tonight.

BRIEF LOCAL MATTERS.

The Cox-Ferree Dry Goods Company call attention to carpets, mattings, curtains, etc., in their ad. today.

A very interesting subject for those who smoke is presented in the advertisement of J. W. Scott & Co., in this paper. Read it.

Rev. T. M. Johnson continues to preach nightly in Grace church to deeply interested congregations. Service begins promply at 8 o'clock. All are invited.

Another piano arrived this morning for the Brockman School of Music. This is one of the best music schools in the South and deserves the large patronage it is receiving both in and out of the city.

Tomorrow Night.

The ladies of West Market street Methodist church inform their friends that the lawn party, tomorrow evening, (Friday) at Rev. L. W. Crawford's, will afford an opportunity for a delightful social evening.

Refreshments will be served, both on the lawn and in the house. A most attractive feature of the evening will be the parlor concert, in which will appear some of Greensboro's favorite musicians.

The admission to the concert will be 10 cents for general admission; children under 12 years old, 5 cents. Concert begins at 8 o'clock.

Preaching With A Vim.

A gentleman who came down from High Point today tells us that Bill Fife is creating quite a good deal of interest in his meetings. Until last night the services have not accomplished much, apparently.

Yesterday afternoon Fife and a crowd of the good women of High Point went around to the various business houses and held prayer services. At the service last night Fife preached a sermon that aroused much interest, and several of the toughest characters in High Point professed conversion.

A Handsome Dray.

One of the finest drays seen on our streets is the large and handsome new dray put out by John B. Wright yesterday afternoon. It is constructed especially for moving pianos and fine furniture, for which purpose Mr. Wright expects to use it.

It was built by E. K. Huff, and reflects credit upon his skiil. It demonstrates the fact that work of this kind can be done as well and cheaply here as in the north.

Must Have Health Certificates.

Traveling men who leave for points as far south as Savannah, Ga., are required by reason of the rigid quarantine, to have health certificates. These health certificates are required to show that the traveller has not been in the infected districts within a period of ten days.

In Memoriam.

The death, at Houston, Va., of Mrs. J. P. Estes, nee Miss Jennie Fowler, has brought a pang of grief to the wide circle of those who knew and loved her in this, the city of her birth, and the home of her bright and beautiful girlhood. Trained in the Sunday school and belonging to the communion of the First Presbyterian church of Greensboro, she showed, during her long and painful illness, the preciousness and power of that Savior in whose faith she had lived, and upon whose bosom she laid her head to die. His grace was sufficient for her. His strength was made perfect in weakness. So vividly did He manifest His presence, that oftentimes in the morning, after hours of protracted, patient agony, she would testify with face illumined that Jesus had upheld her in his arms all the night long.

Her physician, Dr. Nelson, did all that skill and kindness could suggest, yet the hand of a greater, tenderer physician was gently loosening the silver cord of life that He might bear her to that land where the inhabitants shall no more say, "I am sick."

She knew that death was approaching, but she was ready. "Thou wilt keep him in perfect peace whose mind is stayed on the, because he trusteth in Thee." Richly was the promise fulfilled to her.

On the morning of Sept. 7th, after a sleepless night of suffering, she seemed strangely better. The color came back to the white lips and the wan face, and she fell into a peaceful slumber.. At one o'clock the breathing gently ceased. She waked in heaven.

To the stricken husband with the two little children, to the bereaved mother, and the sorrowing brothers and sisters, may God administer the infinite consolations of his grace.
